Faisal Farooq

Software Developer | Full Stack Developer

dfaisal59@gmail.com | +91 9622827634
Sopore Jammu & Kashmir

Summary

Highly motivated and skilled software developer with expertise in front-end and back-end development. Proficient in leveraging technologies to craft innovative solutions that drive results. Passionate about continuous improvement and delivering exceptional software experiences.

Education

Master of Computer Application *2022-2024*
University of Kashmir

Bachelor's in Computer Application *2018-2021*
Govt. Degree College, Baramulla

Skills

- ✦ **Programming Languages:** JavaScript, HTML, CSS, TypeScript, Java, C
- ✦ **Libraries & Frameworks:** React, Node JS, Express JS, Tailwind CSS
- ✦ **Databases:** MongoDB, PostgresSQL, Prisma ORM
- ✦ **Tools & Platforms & Technologies:** Git/GitHub, Docker, Figma, Vercel, AWS EC2

Experience

MARQ TECH
Software Developer Intern *Remote*
01/2024 - 05/2024

- Directed multiple projects using React, Node.js, and MongoDB to deliver high-quality solutions
- Communicated complex technical information to cross-functional teams to ensure successful project outcomes
- Analyzed project requirements to identify and prioritize tasks for efficient resource allocation
- Achieved high-quality coding standards through code reviews and testing
- Coordinated collaborations with cross-functional teams to ensure seamless project delivery

Projects

JKNewsNow | News WebApp Link

- Innovated a news application with an admin module for adding news and automated archiving of old news using cron jobs
- Presented a responsive and interactive user interface using React.js and Recoil for efficient data handling and caching
- Implemented Node.js and Express.js for server-side operations and MongoDB for data storage and management

Brokerless | Rental Service Link

- Spearheaded the development of a property rental platform aimed at eliminating middlemen by directly connecting tenants with landlords
- Negotiated with stakeholders to design and implement robust authentication mechanisms and email notification services using Resend
- Resolved technical issues through efficient debugging and testing
- Attained a seamless user experience through streamlined property rental process

Certificates

MERN Stack Developer, 100x Devs | CERTIFICATE

- Mastered MERN Stack development, proficiently utilizing MongoDB, Express.js, React.js, and Node.js. Acquired expertise in building robust web applications, enhancing capabilities.

IBM Certified Web Developer | CERTIFICATE

- Learned about web development fundamentals, including front-end and back-end development.
- Mastered building responsive web applications using IBM technologies.
